Subject: Briefing Information - Permitting Issues for RM 10.9 Removal

Ray and Stephanie:

As you requested, we've prepared some briefing information for use in the discussions with NJDEP. There are two files attached – a detailed memo on the background to the key issues, and a very short PowerPoint file that can serve as briefing points to management. Taken together, we think they provide the level of detail necessary to help expedite this process.

Please let us know if you have any questions.
